The West Michigan Chapter-AHDI invites medical transcriptionists, students, and allied healthcare professionals to our annual 13th medical transcription symposium at the Howard Johnson Plaza Hotel.

We are pleased to present the following speakers:

- Darci Luyk, MS, ORT to give an overview of Mary Free Bed Hospital services
- Dr. Heather Shay to discuss colon cancer diagnosis and treatment
- Mary Schafianski to discuss the importance of transcription in coding
- Rebecca Carrier and Joyce Smith to discuss the impact of speech recognition on the Spectrum Health system
- Dr. David Langholz to discuss and clarify aspects of clinical cardiology

The meeting includes a farm-style breakfast and lunch. We are planning to have medical reference books for sale and networking opportunities with MTs. Door prizes/raffles will be offered!

Five continuing education credits approved by AHDI and accepted by AHIMA.
